Why do People Come to Us? We Know Your Community!

Garden Club News

Greetings fellow gardeners! The first early spring in many years has graced us with warm evenings and yardwork opportunities in the middle of April. At this time last year there was still a lot of snow on the ground and the temperatures were well below freezing. Take advantage of the early spring to plant a little early, clean up the yard a little more, or take down those Christmas lights!

Our last Garden Club meeting was a presentation on the pH levels of soil. Two of our members had their soil tested, and as many of us already know, the soil in this area is perfect for planting. The tests confirmed this and we learned a lot about soil composition and ways to overcome different soil issues.

The next time members will see each other will be at our Kuhlmann's Container Planting Night! All members are invited to come between 6 and 6:30 pm on May 4th to Kuhlmann's. Bring a container less than 18" in diameter to fill. Kuhlmann's will provide a tour, plants, soil, fertilizer and refreshments! Extra-special containers and plants can be picked up for an extra charge during the evening, but most plants are included. Members always have a wonderful time at our annual Kuhlmann's outing, and the evening is free with your Garden Club membership.

Does planting your own beautiful container at Kuhlmann's pique your interest? Why not join the Garden Club and see what other perks of membership you might enjoy? There are trips, speakers, crafts and movies year round, and you'll meet many fellow gardeners from the novice to the seasoned expert. Join us for our next general meeting on Monday, May 18th at 6:30pm in the Community Hall beside Happy's Pizza, or call Mary at 780-406-5710 and ask her for more details.

Join the club, meet new friends, share a few laughs...and go home feeling good.

Dojo Arts Evergreen Uechi Ryu Karate Club

The Association for Evergreen Youth and volunteer Sensei Ryan Haywood invites everyone to check out the variety of fitness options offered right here in Evergreen. From Group Qi and standard belt system Karate for ages 4 and up to Kobudo, Dojo Arts has something to offer to everyone at every fitness level.

Hello hello and happy spring from the *Gentlemen of Evergreen!*

We've definitely been enjoying the nice weather: playing football, ultimate frisbee, skateboarding and of course having tons of NERF battles.

Here are some of the highlights from the past few weeks:

March 14- Red Bull Crashed Ice.

March 21- West Edmonton Mall Arcade. We went bottle collecting and raised enough money to give the boys \$15 each to spend in the arcade, it was wicked!

In the last few Saturdays we've been doing some small circuit style workouts (sit-ups, pushups, the boys even pushed a car across the parking lot) and having fresh fruit after for snacks; the boys are becoming familiar with fitness, health and wellness. On April 11, we made banana-raspberry-spinach smoothies which everyone enjoyed (you can't even taste the spinach when you mix it into a smoothie).

Also, our group won the Volunteers of the Year award at the annual volunteer brunch, we received a plaque and a gift certificate to Launchpad Trampoline Park which we will be using within the next few weeks. Thanks Tafey and EECA!

We are always collecting bottles in order to raise money for outings and other programs costs, so if you happen to have an extra bag kickin' around, we'd be happy to take it off of your hands! You could drop it off at the Youth Centre or we could come down and pick it up. If you're interested, please contact tafey@shaw.ca

Well, we're going to continue with our football, capture the flag and Nerf, see you soon and enjoy your springtime!

What are your memories of Evergreen Youth Centre and what difference did we make in your life?

"The youth centre was my home away from home for 10 years. It was the place i could go too get away from everything and feel safe. I was bullied every day of my life but i knew the youth centre was a place to escape and go learn something new. I took my babysitting course at the youth centre and did a play as well. There memories i will never forget."

Please share your thoughts, program ideas and memories on our facebook page at <https://www.facebook.com/evergreenyouth> or by email to tafey@shaw.ca

Physical activity is part of every day at Evergreen Youth Centre.

With the return of warmer weather, Emergency Medical Services (EMS) would like to remind parents & caregivers, of an often overlooked hazard in the home – open windows. Every year, paramedics respond to emergencies where a child has fallen from an open window – often from the second floor. Falls such as these are preventable by taking time to assess your home and ensuring windows are safe.

Windows and screens

- Move furniture such as cribs, beds, stools, and change tables away from windows to prevent access to them;
- Keep drapery cords out of childrens' reach. Wrap excess cord around cleats, or tie-downs to avoid a choking hazard;
- Remember: screens are designed to keep bugs out, NOT to keep children in.

Balconies

- Do not underestimate a child's ability to climb. Furniture and other items stored on balconies and decks can be used to climb resulting in falls over the railing;
- Consider installing a balcony guard to eliminate access between the vertical bars of a balcony, or deck.

Further prevention tips

- Children aged one to four are at highest risk of falling from a window or balcony;
- Direct supervision of children is the single most effective way to prevent falls from windows and balconies;
- Consider installing safety devices which limit the distance in which a window be can open;
- Ensure the safety device can be released quickly, so the window can be used for escape in case of fire, or other emergency.

EMS is proud to be a member of the **Partners Promoting Window and Balcony Safety**. Take time to assess your home for window and balcony hazards and eliminate the risks before a preventable fall occurs.
